## PHILOSOPHY STATEMENT

JeMMA's is a privately owned Home Based Child Care and Education Service that provides well-resourced, affordable childcare in the homes of carefully selected Educarers.

Our professional team is committed to real partnership with families and whanau, and provides planned programmes for children based on Te Whaariki (the New Zealand national early childhood curriculum). We provide an environment that upholds the Treaty of Waitangi and the use of Te Reo in the home.

Our learning environments embrace the cultural diversity of local communities, Christian values and the beliefs that all children are unique and learn best through play.
